

EuroFit Wheeled Feet (Pair)

Product Parts

1 - Eurofit Wheeled Foot (x2)

Display Set-Up

Step 1

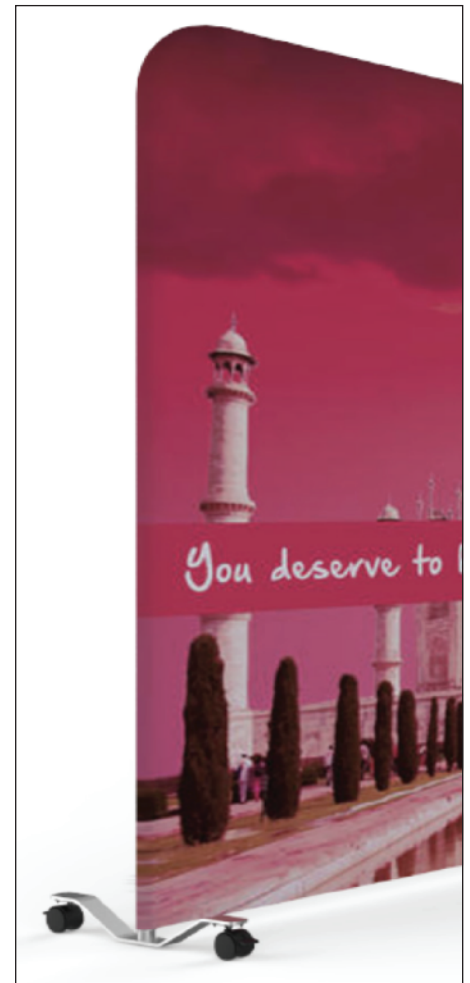

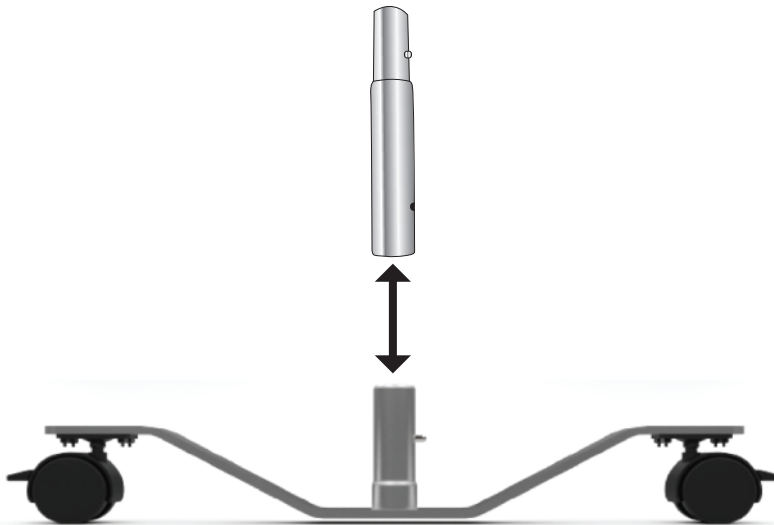

If there's a graphic on the frame, carefully pull it up from the bottom to expose the connection between any existing feet and the bottom of the frame.

Step 2

Carefully unattach any stationary feet one at a time by pressing in the push button, setting the frame sideways on a clean surface if needed.

Step 3

Insert the wheeled foot into the bottom of the side pole until the push button snaps in place.

Storage and care

Store in a cool, dry place. To clean, wipe with a damp cloth.
